Celebration good times come on!

Thank you to the many sponsors, staff, vendors, volunteers, public safety officials, and more who made the fireworks on July 1 a success! What a great way to gather as a community and mark the adoption of the Declaration of Independence 247 years ago!

Every **Thursday morning at 10:30** in the summer, we will be hosting a different Plains Elementary School educator. We've been offering this for over 20 years as a way for incoming Plains students to get to know the staff or for former students to visit with a favorite educator. The story times are held on the library lawn if weather permits. Immediately following the story time we offer different things the children can play with. Parents also have an opportunity to speak with the Plains staff.

Home Delivery Service

Did you know that we run the home delivery of library materials for the town of South Hadley? Delivery is available to South Hadley residents who have health or transportation issues that keep them from the library on a temporary or on-going basis. Any item that can be checked out from the Gaylord Memorial Library or South Hadley Public Library can be delivered. Find out more or sign up to receive library items [on our website](#) or call Adult Services Librarian Sarah Courtney at 413-538-5047.
