## NEW CARTS

Trash and recycling carts will be delivered starting June 16. New service starts on July 1.

## CONFERENCES

*In May and June, several town staff will engage in professional development opportunities, especially the annual conferences for each specialty - such as town clerks, senior center directors, town administration, human resources, assessors, treasurers, accountants and more. These are key learning and networking opportunities as our dedicated staff may not always get the chance to see their peers during the year and learn best practices. Many of the associations are part of the Massachusetts Municipal Association, that also provides news and advocacy for cities and towns. [www.mma.org](http://www.mma.org)*
