SELECTBOARD MEETING  
TUESDAY, JAN. 7, 2020  
DRAFT MEETING MINUTES  
SELECTBOARD MEETING ROOM – 7 P.M.

Present were Chair Andrea Miles, Vice Chair Jeff Cyr, Clerk Christopher Geraghty, member Sarah Etelman, member Bruce Forcier, and Town Administrator Michael J. Sullivan.

CALL TO ORDER
Miles called the meeting to order at 7 p.m.

APPROVAL OF MINUTES
Forcier motioned to approve the draft minutes of Dec. 19, 2019. Cyr seconded. All in favor.

ANNOUNCEMENTS
Forcier noted Bag The Community will take place over the Jan. 18-20 weekend and the Bike Walk Committee will hold a trek at Ledges Golf Course Jan. 19.

Etelman reminded residents Town Meeting voted to combine the annual town election, normally held in April, with the March 3 Presidential Primary. The last day to register to vote in that election is Feb. 12.

ADOPTION OF URBAN REDEVELOPMENT & RENEWAL PLAN
Etelman moved to approve the South Hadley Falls Urban Redevelopment and Renewal Plan as endorsed by Special Town Meeting on Nov. 20, 2019. Cyr seconded. All in favor.

OPEN SPACE & RECREATION PLAN
Forcier motioned to accept the Open Space and Recreation Plan. Cyr seconded. All in favor.

TOWN ADMINISTRATOR’S REPORT
Part of the update was to accommodate boards and committees that have grown larger to nine members. The additional monitors in the room are ADA compliant, as is the new chair layout. Sullivan called the updates to the Selectboard room a wise investment for a room that receives much use from a plethora of boards and committees.

Sullivan met with Ledges General Manager Michael Fontaine, IGM Vice President Steve Gano and Recreation Director Andy Rogers to discuss the past golf season. Fontaine will discuss FY20 golf season rates and improvements at the Selectboard’s next meeting on Jan. 21. Rounds of golf were up. It looks like IGM is off in projections due to the town using fiscal years and IGM using calendar years. Sullivan noted the town did not have to pay unemployment costs this year for Ledges employees. He reminded residents Ledges is open for walking in the winter but residents and their pets should stay off the greens.

After a request by the Friends of the South Hadley Dog Park to begin volunteer work, Sullivan said it would be best to wait until all contracts with the construction company, JAM Corp, and the Stanton Foundation, have been signed. Sullivan said he consulted with MIIA and town
counsel to review what is and is not appropriate work for volunteers to take on. He will work with the Friends to ensure someone directs volunteers, and that all volunteers sign forms. JAM Corp was the lowest bidder in the second round of dog park project bids. Once the town receives commitment from The Stanton Foundation it will consider moving forward with executing the project contract.

For the full town administrator’s report, see the Jan. 7, 2020 Selectboard Meeting Packet.

Winter 2019 Report

General Comments

The golf course staff has continued to receive many positive reviews. We heard positive comments on the professional level of service provided by the golf shop and in the Sunset Grille. Players (and members) commented on the presentation and daily cleanliness of the facilities.

Overall, favorable days to play golf were close to the average in western Mass for 2019. Specifically, April and May were littered with non-favorable days to play golf, but June through September resulted in more favorable days than the average. October fell off quickly with rounds and revenue not meeting budget, and the weather in November created an earlier than normal closure. In summary, revenue is well ahead of prior year but slightly short of projections.

2019 Golf Report

South Hadley High Golf Team Course Usage/Cost Analysis

The South Hadley golf team plays fall golf at the Ledges Golf Club primarily on weekdays at approximately 3pm. Their team uses the practice range in late August as a team prep for the coach to evaluate the potential players. Other dates are used as practices and playing opportunities prior to the League match schedule. The following are dates and times used for matches. It should be noted that the coach is present for all matches and practices and monitors the players to help expedite pace of play requirements. (many of the players are very inexperienced on a golf course, and are in need of learning proper etiquette and golf course repair practices. The Coach communicates with the golf staff to arrange a mutually agreeable time to have practices and play matches.

Practice dates
August 22, 26,27,29  September 12, 19,  October 3
Total players 88 players represents 30 tee times during those scheduled times
Practice Range use one day  30 buckets of balls were used gratis (normal cost $150) The players practicing took up the range space during that time.

Golf Match dates
September 9, 10, 23  October 3, 7, 9
Total players 66 players represents 24 tee times during those matches
One match was scheduled for October 7th and was cancelled in the late morning hours by the Athletic directors resulting in unused tee times (6) for that day. It was forecasted to rain that day but as is often the case the rain did not move in until approx 7pm which would have given plenty of time to complete the match. Having an outside source cancel a match which could and should have been played should be changed and controlled by the golf course professional staff as it does for other scheduled events at the club.

Club revenues potential loss during these practices and times as follows:
9 hole bookings @ $29  (54 tee times) $1,566
18 hole bookings @ $43  (54 tee times) $2,322

Dear Members of the Select Board,

Please accept this letter as notice that I will be resigning from the Bike-Walk Committee effective June 30, 2020. It has been an honor to serve on this committee.

I can’t say enough about the leadership Mariann has provided. I look back on several of the events, the River Roll and Stroll, the opening of the Leaping Well Nature Trail and of course the true introduction via the many TREKs to the several Conservation Areas in our community. It has been an exciting time for me and for the community members who have availed themselves of these opportunities.

I wish the committee continued success.

Sincerely,

Dear Leslie,

Because I am taking on more responsibilities at Loomis Village, specifically the vice-presidency of the Loomis Village Residents Association, a position that will become the presidency in 2022, I am pulling back on other commitments.

It is for the above reason that I ask you to accept my resignation from the South Hadley COA. I have enjoyed working with you and the COA, especially though the period of planning for the new Senior Center, and I look forward to its successful completion.

Sincerely,

Janet L Veitch
Hello Leslie,

I'm writing to inform you that I need to resign from sitting in the COA board effective 1/13/2020.

I was completing the all staff, new year refresher on conflict of interest webinar and I'm afraid that sitting on this board will fall into a shady area that some may see as a conflict with my current position.

I apologize for not thinking about this before petitioning to be a part of your organization.

If there is anything I can do to assist your mission, as a regular volunteer, please keep me in mind.

Honorable Selectboard,

Please accept this report as an abridged accounting of the activities and initiatives I and others have been engaged in on your behalf. As you are aware we are in a very busy cycle with preparation for the next fiscal year, monitoring the close of this fiscal year, elections, and so many exciting programs and projects. I am especially thankful for your support and patience.

**Expanded and Improved Selectboard Meeting Room:** There are few bugs being worked out of the new digs in respect to the renovations. But most people are very happy with the changes. This is especially true of the larger committees like the ConsCom.

There are about a dozen less seats in the audience. However, I have had several individuals comment on the improved comfort of the new chairs. We did look at adding some new seats, but to avoid unnecessary costs we will augment the capacity when needed with the folding seats from the auditorium. As you are aware there is only occasional need for overflow seating at public meetings.

Thank you to all those involved in this upgrade and to the Selectboard and Town Meeting for supporting continuous improvements to the public spaces in town hall.

**MPIC Department Meetings:** This past week we had a half a dozen meetings with small groups of managers, Master Plan Implementation Committee Chair Judy Gooch and Vice Chair Nate Therrien. I would like to say South Hadley is very lucky to have these two very talented individuals volunteering. If they were paid consultants we would likely not be able afford this level of knowledge.

The meetings were to ensure every department was familiar with the Master Plan Update exercise, and as the plan is presently in draft form give the mangers an opportunity to offer input into the updated plan. I also set up an additional meeting with some key individuals from town hall who are not necessarily “managers” but are critical to our success on so many levels. This group includes Kristin Maher (Executive Assistant to Administration), Jamie Doolittle (IT Coordinator), Matt Cowie (Facilities/Safety Coordinator) and Michelle Parent (HR Specialist). As suspected their input was of great value.

One of the common themes throughout the meetings was how we can improve communications. There were a number of interesting ideas like SHED Talks (South Hadley Educational Demonstrations) which would be a series of “How To” videos - from how do I sign up for Civic Ready to how does my property get valued to what happens to my recycling? There was great excitement about this project and we hope to start moving on the idea rather quickly.
A point which was brought up by DTA Jennifer Wolowicz was about how we attract and retain high quality and diverse employees to South Hadley. This spurred conversation in almost every subsequent group. I agree there is a critical importance to what the Master Plan says about who is serving the citizenry in a public capacity. Chairperson Gooch stated she would be bringing that back to the large group to discuss.

It also was a great opportunity for the Chair and Vice Chair of MPIC to hear about what interesting and multifarious work is done throughout the municipal complex. I have one more meeting scheduled for next week and MPIC will have met with all the departments. The managers have been asked to respond to the “Update Questionnaire” by next week with their comments and suggestions.

**Hampshire Health Insurance Trust:** The good news for communities who are part of HHIT is the Executive Committee voted to recommend to the Insurance Advisory Committee a zero percent (0%) increase to the premiums. As an Executive Committee member I enthusiastically voted in favor of this, not solely for the fact that it will make budgeting for FY21 easier in SoHa, but for a number of other reasons.

Before I get into those other reasons I should say the downside of this positive message is to have a zero percent increase we may need to use as much as three million ($3 million) dollars of the Trust reserve.

So back to the next reason - the Trust has healthy reserves ($24 million), approximately seven million above the industry standard for a trust of this size. We also recently went through a painful change in the plan, I am sure you recall, which upset some unions. The Hampshire Health Insurance Trust remains one of the most affordable and attractive health plans in Massachusetts.

BC/BS recommended a traditionally high increase of 7% which would be devastating to local budgets. Last year we voted to risk $1.5 million to offset risks. We did not have to use any, and in reality due to a strong investment market (nearly $3 million in returns) the cost was neutral. The fund actually grew. I am very hopeful the IAC will vote in favor of this course of action on Jan. 22, as any increase will make local budgets suffer.

**Land of Low Value/Owner Unknown:** I recently met Treasurer/Collector Donna Whitely, Assistant Assessor Melissa Rimbold, Planning Director Richard Harris, and Associate Planner Anne Capra to review both the short list of “Owner Unknown parcels” and the longer list of “Land of Low Value.”

Lands of low value are parcels of land which are scattered about the town which at one point in time were owned by someone or some entity. These usually non-buildable lots are often remnants from defunct developers or LLCs, estates, or parcels not held in common by adjacent property owners. They all owe taxes but their worth and outstanding tax debt is often greater than any value we may receive at the end of the process of acquiring. There is a multi-faceted process of acquiring the property which I will be happy to explain as soon as I understand it completely.

Our strategy for this project will be to identify two categories of properties which have value to us (the town) from both these two groups and from tax title properties (which is a whole other subject). This would be properties adjacent to sensitive habitats, wetlands or parcels which would complement other municipally-held properties. The other category which I particularly like is properties which may have
some development potential and would make sense to get back on the tax rolls as revenue-generating properties. It may be one of the only ways we see growth if the economy tanks, so I would encourage us to move toward that now as opposed to later.

**School Superintendent Meeting:** Town Accountant William Sutton and I recently met with Interim Superintendent Dr. Diana Bonneville and School Department Business Manager Jennifer Morrison. I can say without equivocation no one should doubt the resolve of these two individuals to find a workable solution to some of the challenges which face the South Hadley School Department in respect to the tough decisions ahead.

Like so many budget issues there are no easy answers. I let Dr. Bonneville know that my expectation is to recommend a budget which will include two thirds of all new revenue (approximately $400K) to go directly to the schools, but also other costs such as increased Unemployment Insurance, Workman’s Comp, and increased Out-Going Tuition - all related to the schools but not reflected in their budget will be increasing significantly.

The meeting was very reassuring for me in respect to the fact we all are trying to make this work. Each of us have tough decisions to make and the least productive and appropriate way to make those things happen would be to start pointing fingers. I also discussed that the municipal side of the budget would be picking up the full cost of School Resource Officers in the PD budget this year.

I appreciate Dr. Bonneville’s openness and honesty about what the schools are facing and I can honestly say if there was more money to afford the schools in a responsible way without impacting other services I would be recommending we do so without hesitation.

**Greenfield Coop Opening:** Thank you to Selectboard members Bruce Forcier and Sarah Etelman for attending the ribbon cutting ceremonies for Northampton Cooperative Savings on Newton Street.

Welcome to South Hadley, NoHo Co-op, including President Mike Tucker, Manager Courtney Huxley and all the staff. Thank you for the investment in South Hadley!

**Respectfully submitted,**
