

Hey South Hadley,

CARTS ARE COMING

June 2025

South Hadley, OUR COMMUNITY IS TAKING RECYCLING TO THE NEXT LEVEL

South Hadley residents will no longer need to use green bags for collection. Carts will be dropped off at your residence in June along with important program information. Trash should be placed in a bag and recycling should be loose in the cart.

Your new curbside recycling and trash cart will have two wheels for easy maneuvering and a lid to keep your recyclables from becoming litter. Your cart is going to make recycling easier by providing you more space to recycle more items—a true win-win.
