

WATER DEPARTMENT – FIRE DISTRICT NO.1

**438 Granby Road
South Hadley, MA 01075
413-532-0666**

November 20, 2025

Himanshu Patel
506 Granby Rd.
South Hadley, MA 01075

Dear Himanshu,

This letter is in response to your request for public water information from the Water Department - Fire District No.1, South Hadley for 506 Granby Rd. The distribution system has plenty of capacity to supply both fire and domestic water service to the current property as well as any potential future development considering the water main in Granby Road is a 10" main, which feeds the 8" water main on the right-hand side of the parcel. The water pressure at that location is 72 psi. This pressure was taken from the fire hydrant directly off the 8" water main.

If you have any additional questions or concerns, please contact me at 533-4576.

Very Truly Yours,

Jeffrey A. Cyr
Superintendent
