

Memo

To: All Regulated Food Service Establishments
From: Melissa LaBonte, WPC Compliance Manager
CC: Jim Reidy, DPW Superintendent and Sharon Hart, Board of Health
Date: 12/11/14
Re: Fat's, Oil and Grease (FOG) Program

The current Small Commercial Discharge Authorization (SCDA) to discharge wastewater from commercial kitchens under the FOG Program, which will expire on November 14, 2011, is being extended for an additional six months while the program and regulations are being evaluated. The new expiration date will be April 14th 2013. All components of the current Permit including compliance and enforcement will remain in full effect until a new SCDA is issued. Please attach this Notice to your current SCDA.

I have also attached a copy of the Maintenance Log sheet. This form will no longer be sent out, so please make copies as needed. The form is also available online on the Town's website. The link is http://southhadleyma.virtualtownhall.net/pages/SouthHadleyMA_DPW/control/FOG/fats.

As always, if you have any questions or need further assistance, please call me at 413-538-5040.
