

**May 15** SUNDAY · 1:00 to 3:00pm  
**2022** at **Buttery Brook Park**  
 123 Willimansett Street (Rt. 33), South Hadley, MA

● **K-8 Bike Rodeo**

**Register at: [southhadleyrecreation.org](http://southhadleyrecreation.org)**

The Rodeo offers learning activities that teach kids how to ride their bikes safely, bike and helmet checks, a lesson on rules of the road, and travel through courses designed to build skill, such as Obstacle Dodge, Turtle Race, and more. The instructor is provided by Massachusetts Safe Routes to School. Parents can register children online in advance and should plan to bring a bike and helmet for each child.

● **Safety Checks and Information**

AAA of Pioneer Valley will provide information about AAA's bike initiatives. Officer Hart of South Hadley Police Department's Bike Patrol will be on hand throughout the afternoon to check bikes and provide information on rules of the road and bike safety.

● **Repair Clinic**

Leo Lyons and team from Competitive Edge in Easthampton will be available for bike inspections and minor repairs. The latest bike models will be on display and some bikes will be available at discounted prices.

● **E-Bike Demo**

Valley Bike will share information about adult shared-use biking available at kiosks in South Hadley and other nearby communities. This is a great chance to try out an electric-assist bike in a setting away from street traffic.

● **Ice Cream Truck**

Plan to enjoy a cone from the Batch Ice Cream truck, which offers the same great ice cream as their Village Commons location in South Hadley.
